

10 W PSU

The power supply unit for Snom desk phones

By default, Snom desk phones are supplied with power via PoE, therefore, for ecological and economic reasons, no power supply unit is included in the scope of delivery. However, if you do not use PoE in your network environment, this power supply

is available. You will also need this if you want to connect more than one extension module to a telephone, i.e. from the second extension module onwards.

Basics

- Product information
 - Power adapter
 - PN 00004570
- Electrical specifications
 - Input voltage: 100 - 240 V AC
 - Input current: 300 mA
 - Output voltage: 5 V
 - Output current: 2 A
 - Output power: 10.0 W

Dimensions and weight

- Cable length (approx.): 1.8 m

- Weight (approx.): 136 g

Package contents

- Power adapter
- Power adapter clips
 - EU & UK

Snom accessories and compatible devices

- IP desk phone
 - D1xx, D3xx, D7xx, D8xx
- Expansion module
 - D3, D7, D7C
- Public announcement system
 - PA1+
